## Staff Spotlight

---

### Stacy James

Stacy volunteered at Options for approximately 3 months before being hired on as a Client Service Director. She read about Options for Women in her church directory. Options was having an open house, and it sounded like something she would be interested in. Stacy then toured the office and spoke with Leah regarding the mission of Options.

Stacy currently teaches five Earn While You Learn classes. Getting to know the clients and their stories has greatly impacted her life, spiritually and emotionally. She says it's amazing how the clients get to know each other, support each other, and open up about their situations and what they may be going through in this season of life. They become family! Stacy expresses we are able to witness their accomplishments, not only as a parent, but also as a person. To her, knowing that she is able to help facilitate their growth as a person, spiritually and emotionally, is such a blessing.

## Volunteer Spotlight

---

### Christine Umfleet

Christine has been volunteering since about May 2017. A former volunteer, who did ultrasounds, invited her in 2015 and 2016 to the Options banquets. Then recruited her as a volunteer. Most of her time at Options has been leading a parenting class twice a month. She also sometimes helps with fundraisers and is on the prayer chain.

Christine believes it's the most important cause we can fight for in America today (Besides the Gospel). It's a matter of life or death! She states all the workers at OFW step up to be the hands and feet of Jesus. The way they not only help save babies, but they help families in their most needed times, whether it's praying with/for them, food pantry, parenting classes, etc., right here in our community. They are so inspirational to her. Christine says OFW is a beautiful outreach and has opened her eyes to see more of the needs around her. She thanks you, for the joy to serve Options for Women.
